ABOUT US

Paragon Industries Ltd. commenced the Aluminium production in August,2008 and since then has been most reliable supplier of various Aluminium products all over India with exclusive dedicated dealers network.

We have latest state-of-the art plants and equipments imported from Germany and China with in-house three casters which have approx. 3000 tonnes of monthly production capacity. As on date, every month we are selling overall 1800 tonnes and are hopeful to achieve our ambitious monthly sales target of 2200 tonnes with the introduction of our third caster and Corrugated sheets in the market.

Our raw material sources are EC and CG grade of ingots from Balco & Nalco and also few global companies. Thus, giving us an edge over others in terms of quality and consistency. With our state-of-the art equipments and extremely dedicated team of well-qualified technical personnels, we supply the best material with good control over guage variation and consistency in our quality. Our portfolio comprises the production of Aluminium sheets, coils, checkered sheets (Five Bar & Diamond), corrugated sheets, and PP cap closure stocks. We also supply quality closure stocks in coils and sheets form to major PP cap manufacturers in India.

PRODUCTS

Aluminium Sheet

Thickness : 0.65 mm to 3.25 mm
Width : 1425 mm
Size : 1220 mm x 2440 mm,
2440 mm x 913 mm &
2440 mm x 1000 mm

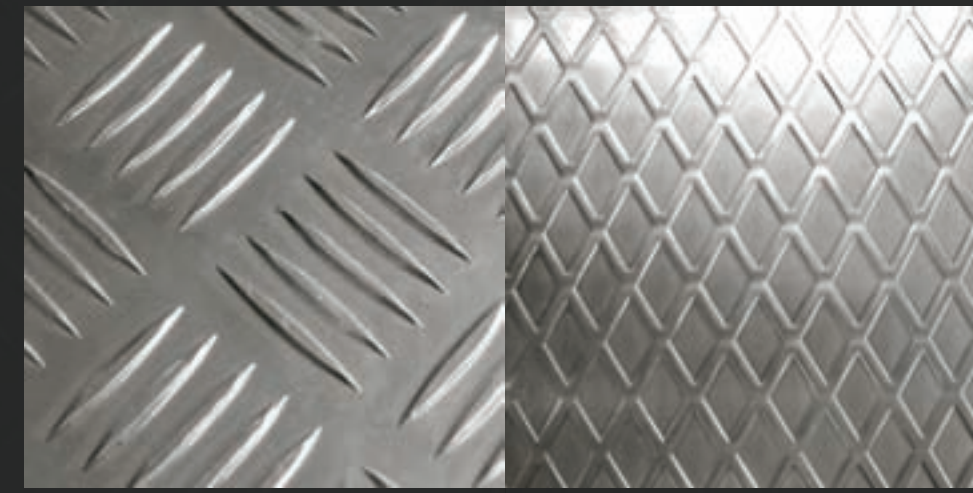

Aluminium Coil

Thickness : 0.25 mm to 0.71 mm
Width : 1220 mm, 915 mm, 762 mm, 610 mm, 457 mm, 1000 mm
Weight : 300 kgs to 1.5 tonnes
Inner Core : 208 mm to 508 mm

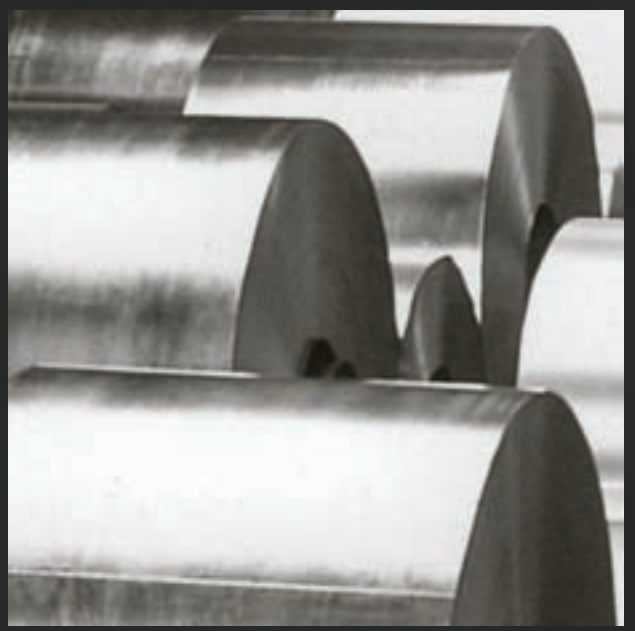

PRODUCTS

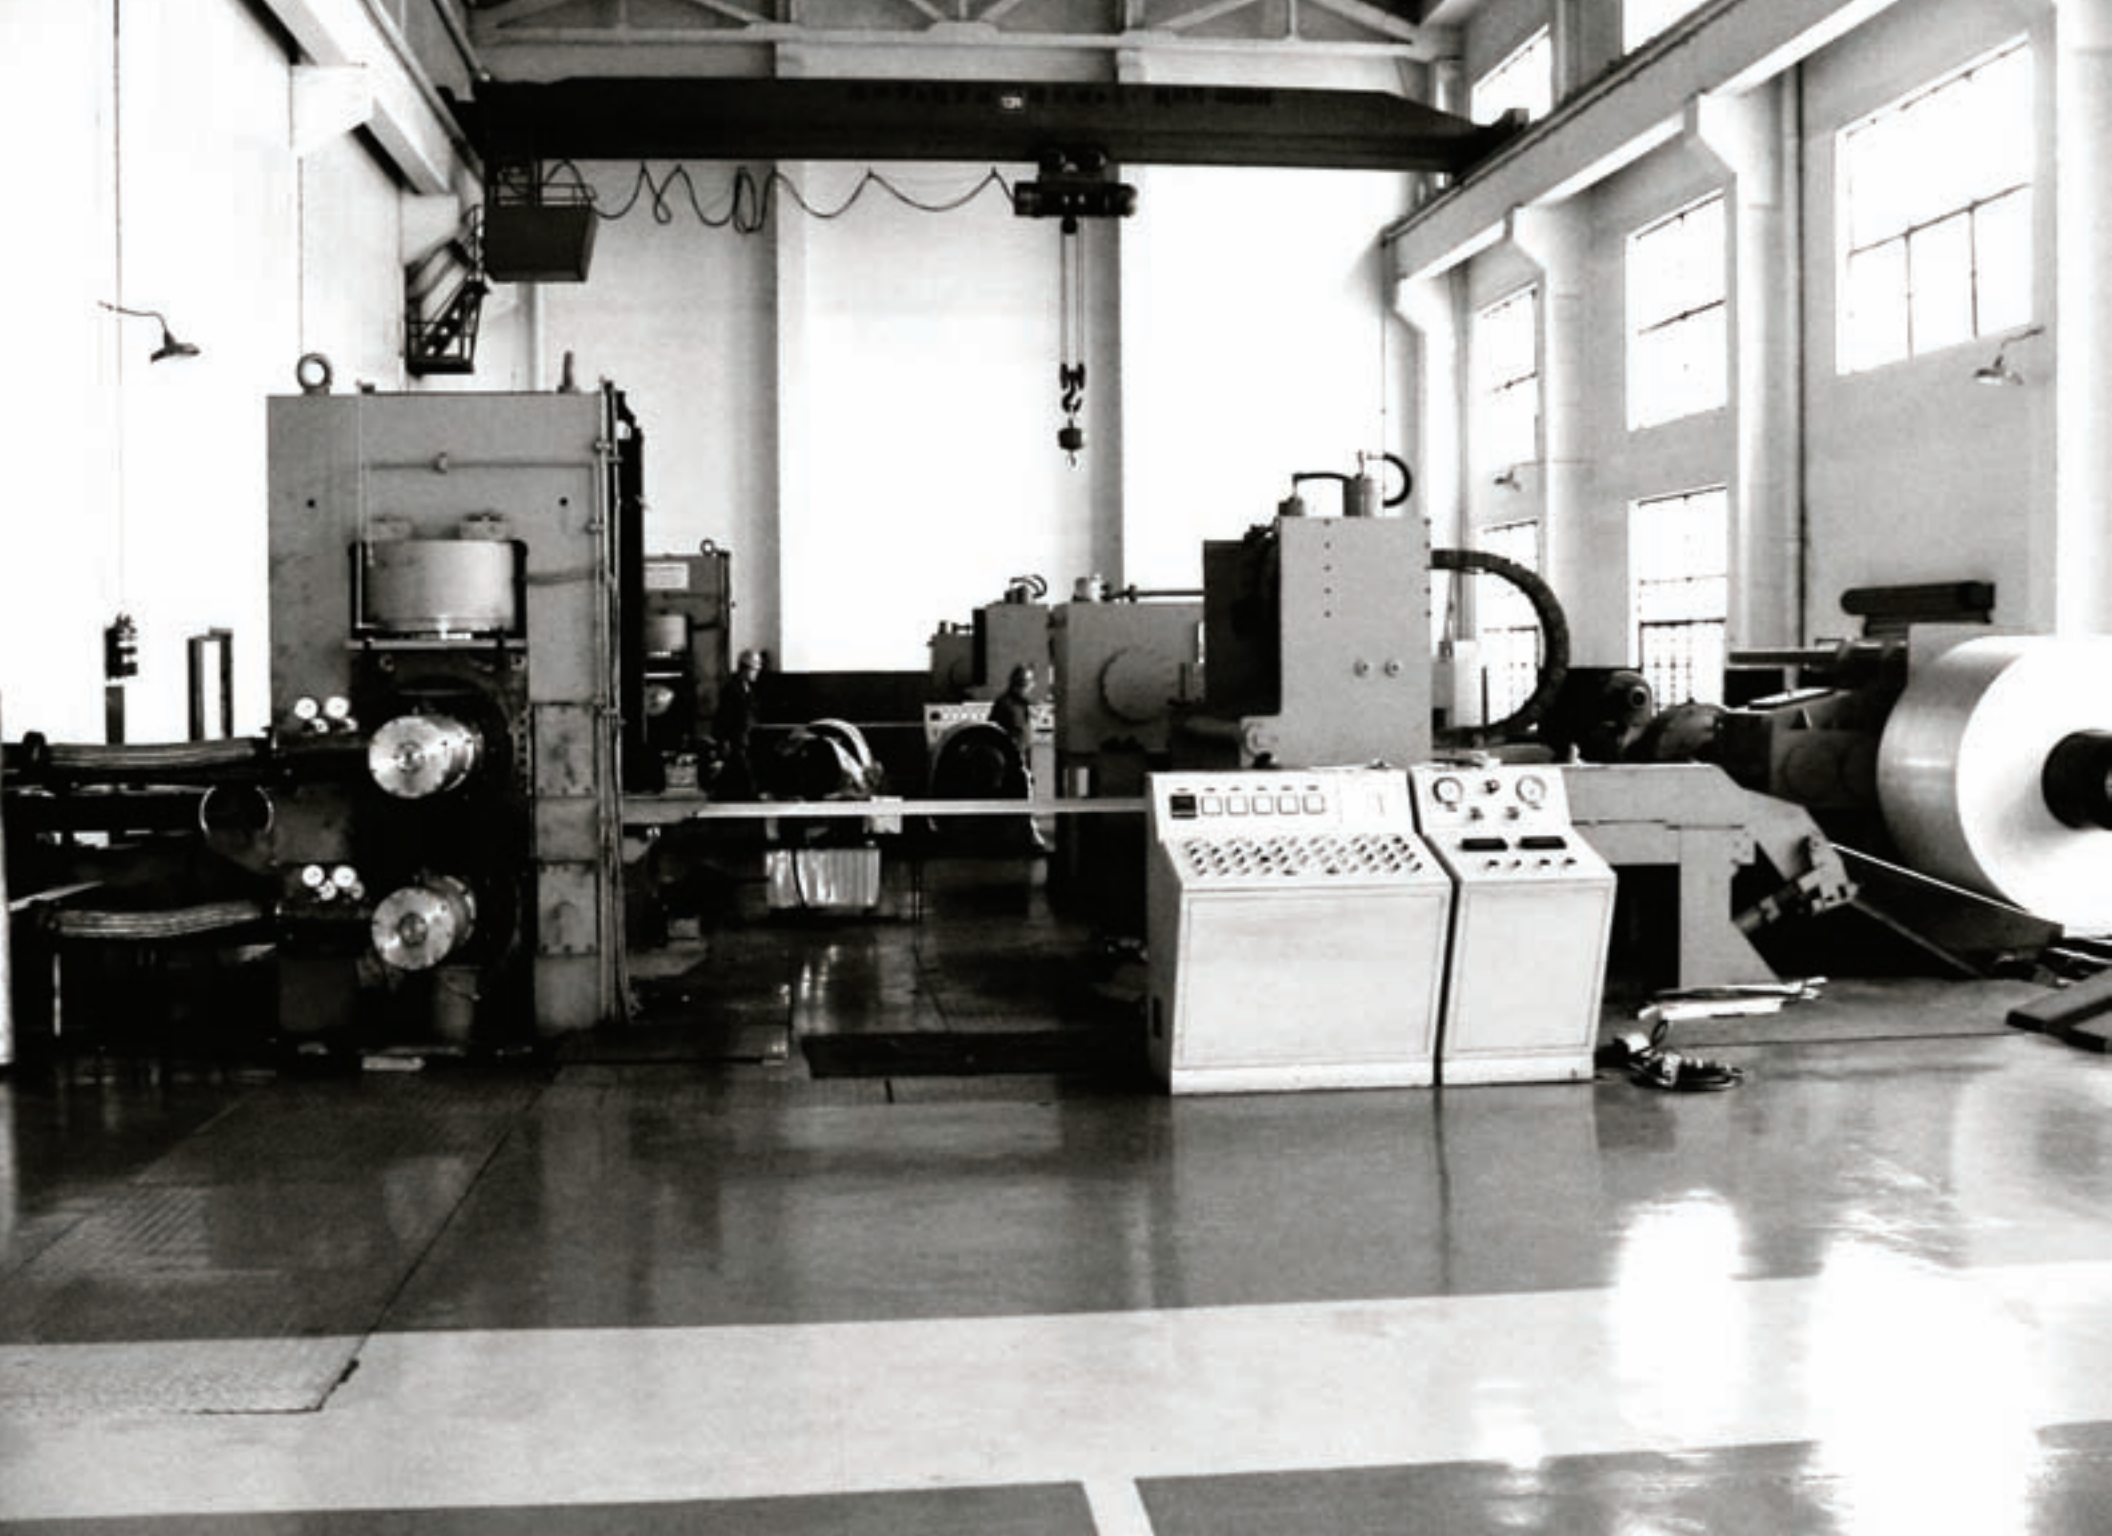

Patterned Checkered Sheet (Five Bar & Diamond)

Thickness : 0.45 mm to 3.25 mm
Size : 1220 mm x 2440 mm, 813 mm x 3660 mm,
913 mm x 3660 mm
Length : Upto 4200 mm

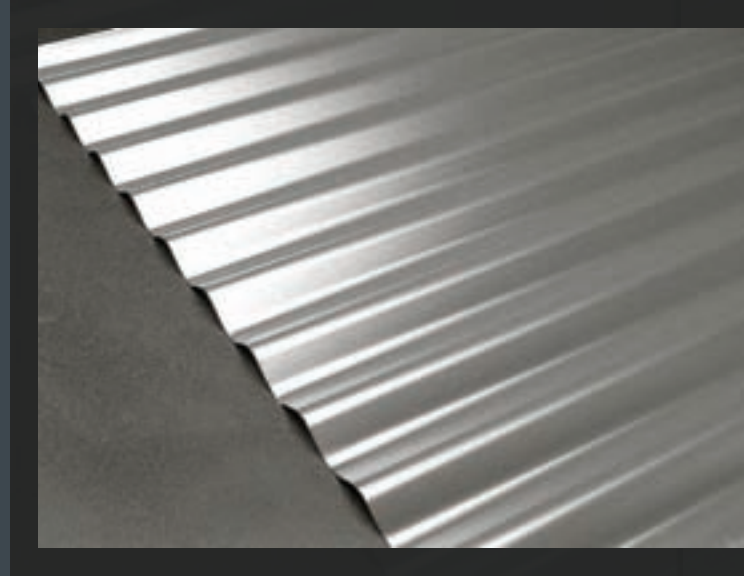

Closure Stock

Thickness : 0.13 mm to 0.23 mm
Width : 867 mm, 870 mm, 625 mm, 692 mm, 695 mm, 690 mm,
710 mm, 584 mm
Sheets in sizes-867 /870 mm x 692/695/710/625 mm can also be supplied
in proper sea worthiness export pallet packing.
Weight : 500 kgs to 1.5 tonnes (coil and pallet packing is 1 tonne
pallets)
Alloy : 8011 / 3105, H-14, UTS - max. 14.5 % to 16.5 %
Elongation : Up to 3-4 %, erring - 1 %

PRODUCTS

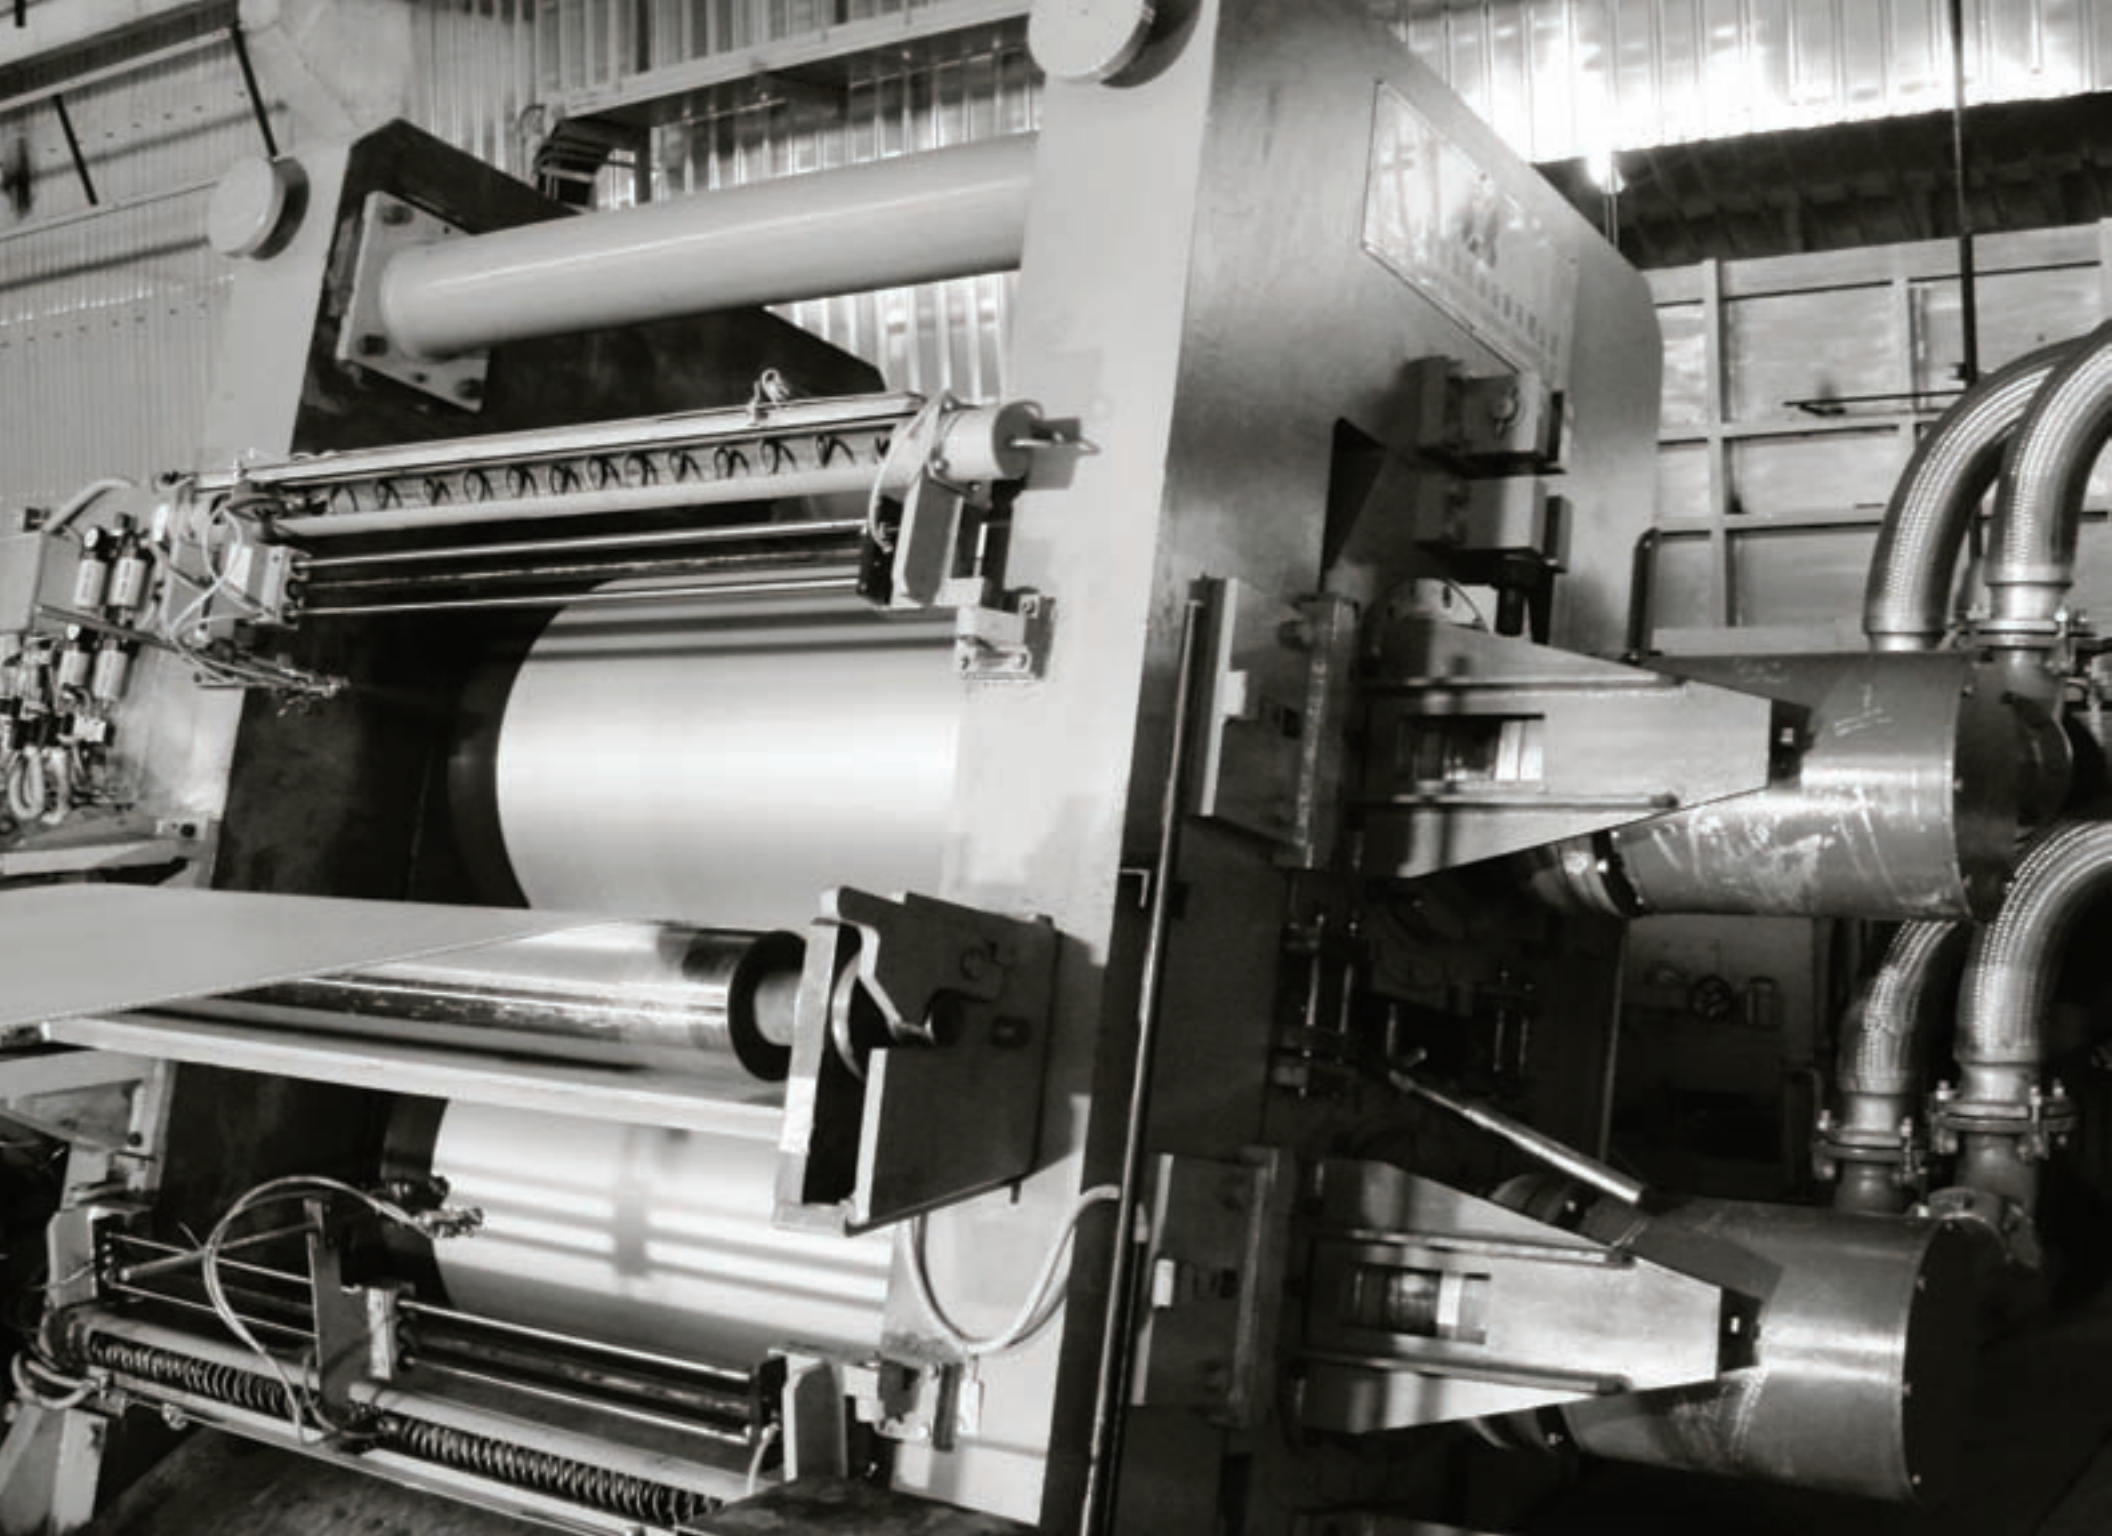

Corrugated Sheet

Thickness : 0.30 mm to 1.00 mm
Width : 813 mm to 1090 mm

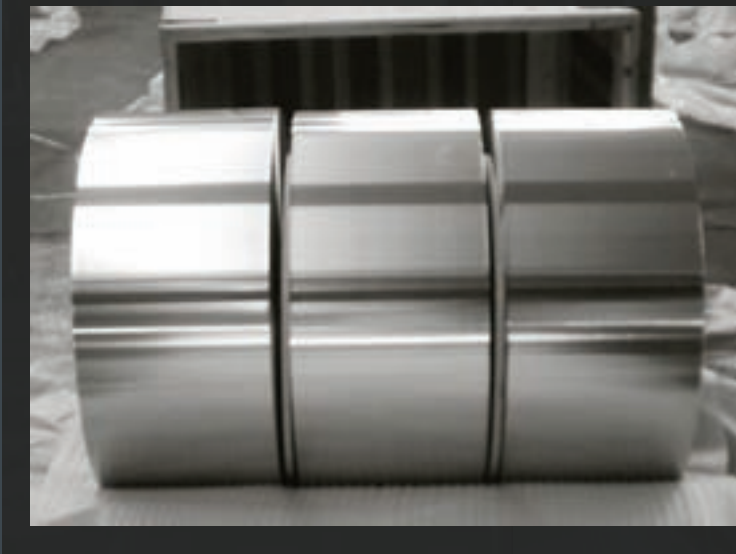

Fin Stock

Thickness : 0.10 mm to 0.15 mm
Width : 610 mm to 1220 mm
As per customer specification erring - 1 %

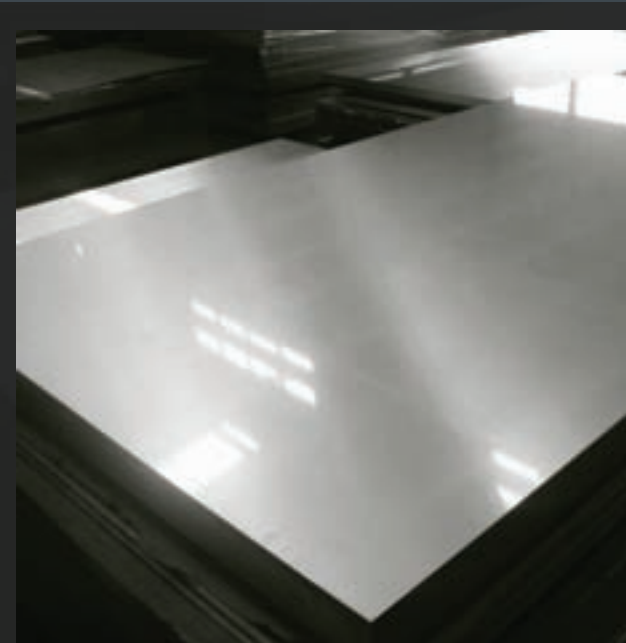

PRODUCTS

Foil Stock

Thickness : 0.28 mm to 0.71 mm
Width : 610 mm to 1220 mm
Weight : 1.5 tonne

Caul Board

(For Plywood Industry)

Size : 2.50/3.00 mm x 1320 mm x 2540 mm
Pallet packed and interleaved.

Tempered and Saety Glass

Mico Glass Industries Pvt Ltd. was established in 1994 in Gurgaon with automobile wind screen manufacturing, which in the year 2001 was diversified into architectural glasses. We are the first company in India to import first bend tempering line and also to introduce the bent tempered glass. With the success of first unit, another unit was established in Roorkee in 2003.

Mico Glass set a new milestone by setting the largest tempering line in India which has the production capacity of glass upto 7000 mm. With four tempering and two insulating lines in three prime locations, we have one of the largest production capacity of tempering glass.

Aluminium Extrusion

Paragon Extrusions Private Ltd. was established in 1998 with its first Aluminium Extrusion unit and the another unit in Roorkee in the year 2003. Today, the company's production capacity is 9000 MT per annum with the toolings for over 3000 profiles that are widely used in architectural, air-conditioning, electrical, furniture, transportation, equipment manufacturing industries. We are also an OEM supplier to various reputed industries.
